SVV's RENDEZVOUS WITH THE HONOURABLE PRESIDENT OF INDIA

It was a moment of immense pride for Shree Vasishtha Vidhyalaya when a team of four students had the rare privilege of meeting the Hon'ble President of India, Smt. Droupadi Murmu, on 14th November 2023, Children's Day, at the majestic Rashtrapati Bhavan, New Delhi. The students were deeply moved as they exchanged greetings with the President and presented her with an idol of Goddess Saraswati as a token of respect from the school. This extraordinary encounter left an indelible impression, inspiring and motivating the students profoundly.

INTERNATIONAL TEACHERS EXCHANGE PROGRAMME AT TOKYO JAPAN

We are immensely proud to share that Shree Vasishtha Vidhyalaya was selected to participate in the prestigious International Teachers Exchange Program held in Tokyo, Japan, from 30th September to 6th October 2024. Mrs. Meenakshi Khushu, Headmistress of the Primary Section, was nominated from SVV to attend this remarkable event.

The International Teachers Exchange Program is a global initiative aimed at enabling educators from diverse nations to share teaching experiences, exchange best practices, and promote cross-cultural understanding. This year, only 12 educators from across the country were honoured with this unique opportunity, making it a truly distinguished achievement for our institution.

Mrs. Khushu was the only representative from Gujarat, making this achievement even more remarkable.

Fully funded by India's Ministry of Education (MoE) in collaboration with Japan's Ministry of Education, Culture, Sports, Science and Technology (MEXT), the program serves as a bridge for enriching education across nations.

This esteemed program, co-organized by the Asia-Pacific Cultural Centre for UNESCO (ACCU) and the Centre for Environment Education (CEE) since 2016, aims to foster cultural exchange, enhance professional growth, and explore innovative teaching methodologies by connecting Indian and Japanese educators and students.

SVV'S IAYP ADVENTURE AT VIKRAMGARH TO BRONZE SUCCESS

The Duke of Edinburgh's International Award is a framework supporting young people in more than 120 countries to become truly world-ready. The active association of Shree Vasishtha Vidhyalaya with the IAYP empowers students to develop critical life skills and grow through enriching non-formal education experiences.

As part of their Adventurous Journey level of IAYP, students embarked on a thrilling expedition to Vikramgarh from 7th to 9th December 2024. They undertook activities such as a 15 km trek with maps and compasses, a rigorous 6-hour mountain climb, kayaking, archery, and a 10 km forest trail. Beyond these adventures, they honed team spirit and self-reliance while enjoying campfire bonding, starry nights, and shared experiences.

Completion of this journey qualifies the students for the Bronze level of the IAYP and opens the door to the Silver level, marking another milestone in their transformative educational journey.

Joy of Giving : Fostering Compassion at SVV

In the academic year 2023-24, Shree Vasishtha Vidhyalaya's students demonstrated remarkable generosity by collecting 145 bags of grains, groceries, and clothes to support the less fortunate in our community. Through this initiative, our students endeavoured to make a positive impact on society, emphasizing the importance of empathy and solidarity in creating a better world for all.

These efforts are guided by The Dadhich Joy of Giving Club, established in 2015 with a vision of promoting generosity, charity, and empathy among students. The club has become a cornerstone of our school's commitment to creating socially responsible citizens.

What Does It Take to Be a Champion?

Champions are defined not just by talent but by their determination to overcome every obstacle. Vrusha Kanani, a Grade XII student of SVV (2023-2024 Batch), exemplified this spirit while preparing for JEE, one of India's toughest competitive exams.

Struggling with time management initially, Vrusha sought guidance from her mentor, Mr. Pramod, who urged her to focus solely on her goal and eliminate distractions. The very next day, in a powerful act of dedication, she cut her long hair short, symbolizing her decision to shed anything that could hinder her progress as her long hair demanded a lot of care and time. This bold move inspired everyone around her, underscoring her relentless drive to focus every ounce of her time and energy on achieving her dream.

Today, Vrusha is living that dream as she pursues Economics at IIT Kharagpur, one of India's most esteemed institutions. Her journey is a reminder that champions are made through desire, dedication, determination, and an unyielding will to win.

Education is the passport to the future, for tomorrow belongs to those who prepare for it today. —Malcolm X

Script

We all are born with a hand written script,
It's our life but theirs to lead,
Scenes so perfectly placed day after night,
I can't even change a line with all my might.

I was very young when given a bunch of mask,
Was told to wear one, to hide my marks,
Isn't it strange I am happy every time,
when it's been years I have seen a smile of mine.

Years ago I saw a dream ,
And for me it changed everything,
I was an author, and my books everywhere,
But in my world alarms don't care.

I own a magical mirror so I ask,
Mirror mirror who's happy inside,
The mirror shattered flying so far,
I took a piece and scraped the mask.

I realised it late , but I own my scars,
I found the script and tore it hard,
Look around yourself, the illusion won't last long,
You might find it hard to believe,
but the script was for us to change all along,

It was a test of courage and boundaries,
The one who lost knows no victory,
Not all can live in this cruel world,
And for those in just flesh and blood,
I wrote these words.....

Dreams

What is it that is meant for me?
The path I choose, or the path taken away from me?
Black and white, were the choices when young,
But with shades of grey Is how it's done,

Two of them lies before me,
One is right, and one right for me,
And when I dare say I have dreams,
a screeching voice whispers dreams don't feed.

These are just hobbies as the legend says,
But if I agree, it's me who I betray,

People so rich can be all deceiving,
What if in the world of dead, only
Dreamers are living,
What if I really was gifted to play with words,
But chose to walk like a sheep in heard,

Now it's my time to choose a dream,
This time the right one and not one right for me,
Because if I don't choose, what I'm meant to be,
Life full of regret is what I see,
Lying on the death bed, I may weep,
Buried or Burnt, my soul shall never find peace.....

The Shadows of God : Teachers and Parents

Parents, the shadows of God's gentle care,
A love that's forever, always there.
In their embrace, we first understand,
The strength of heart, the guiding hand.

Teachers, the light that shows us the way,
Bringing knowledge with each new day.
Like God's wisdom, they help us grow,
With every lesson, more we know.

Parents teach love, the warmth of the soul,
Teachers spark dreams, and help us feel whole.
Both are the shadows, strong and bright,
Of God's guidance in our life's light.

Through love and learning, they show us the grace,
Of God's presence in every space.
In their care, we rise, stand tall,
Shadows of God, who lifts us all.

Plant a Tree

Plant trees, Oh plant trees, Keep the
environment clean.

In hot summer, trees give us shade.
Without trees, the erosion is to be led.
Be careful, when you cut trees,
You don't make better houses for bees.

Remember if the trees are safe,
Then only we can drink cocoa coffee at cafe.

Many thousands of trees are cut Just to get a single nut.
If you tear one piece of a paper, It meant you wasted twenty
plants of fiber.

So please save trees and plant a tree,
Keep -the axe away from them and let them be free.

સ્વરની લહેરીએ

સ્વરની લહેરીએ તને શોધું હું તો શ્યામ !
તારી ભતિ મારા આત્માને બોધું હું તો રામ !
સ્વરની લહેરી.....

ત્રણ ત્રણ ભુવનમાં તને શોધી હું તો થાકી,
તોય નયન નથી પામ્યાં તારા દર્શનની ઝાંખી,
ઉરના આવાસે હું તો શોધું તારા ધામ !
તારી ભતિ મારા.....

ધરતીના કણ કણ ને પૂછ્યા તારા વાસ મેં,
પંખીઓના વૃંદને બોલાવ્યા મારી પાસે મેં,
એણે રે બતાવ્યા મને તારા મુકામ !
તારી ભતિ મારા.....

સૂર્ય અને ચંદ્ર સમા દીપકોમાં શોધ્યો મેં તો,
જીવન સંઘ્યાના કોઈ રૂપકોમાં શોધ્યો મેં તો,
ગીતનાં ગુંજારે મને મળ્યા તારા ધામ !
તારી ભતિ મારા.....

સ્વરની લહેરીએ તને શોધું હું તો શ્યામ,
તારી ભતિ મારા આત્માને બોધું હું તો રામ !

My school life

My school, my school
Classy and so cool.
Here the teachers are so nice,
Give knowledge and advice.
The school rules are so simple,
And for us it is a temple.
When the school life ends,
Then we recollect what we did in our school life.
So pretty, so innocent lovely days.
Where we waited eagerly for the recess to meet
Oh my school days so so beautiful and so cool
Where we were the, Sun, the Stars and the moon.
The brilliant teachers, our mischiefs and our pranks with some
outstanding ranks.
Where we were taught that exams are the time of celebration.
Which prepares us for the future representation.
Some sunny days and some rainy days. My school I love you so much.
As a student I believe you are an important place in my life.
My school, my school.
Beautiful and so cool,
Where we are waiting eagerly in the future to shine
